PROFILE

Dynamic and result driven, highly effective at incorporating creative skills. I'm a passionate and innovative frontend developer with over two year a of experience, crafting seamless user experience and visually stunning interfaces. Proficient in modern web development technologies such as, HTML , CSS, TAILWIND, JAVASCRIPT (ES6+), and popular frontend frameworks like Nextjs.

EXPERIENCE

- SHORTLETAFRICA (NEXTJS) OPEN-SOURCE PROJECT (FRONTEND DEVELOPER) – MAY 2025 ([STILL IN PROGRESS.....](#))

ShortletAfrica is a property rental platform that connects travelers, business professionals, and vacationers with premium short-term rental apartments across Africa. The platform provides a seamless booking experience for users looking for luxurious, fully furnished apartments for short stays, whether for leisure or business purposes.

Utilized **Next.js**, and **Tailwind CSS** to create a responsive and user-friendly interface.

- PATHOS EMBASSY (NEXT'JS) OPEN-SOURCE PROJECT (FRONTEND DEVELOPER) – NOVEMBER 2024

Designed and developed the frontend of a web application aimed at simplifying visa processes and fostering a community-driven platform for sharing embassy experiences.

Collaborated on features enabling user-generated content, comments, and resource verification to combat fraud and enhance transparency.

Utilized **Next.js**, **React**, and **Tailwind CSS** to create a responsive and user-friendly interface.

Open-sourced the project to encourage collaboration and innovation from a global developer community.
